Beginning at 3 p.m., parents/guardians of students participating in the after school study hall, will be charged a minimum fee of \$10, then an hourly rate of \$10 per child, per hour. Failure to adhere to safe driving practices, attendance guidelines, damaging the parking area, and/or breaking any traffic laws may result in loss of driving privileges and/or parking pass. Any damage to school facilities due to student driving will be the financial responsibility of the student/parent. McKeel Academy and the Polk County School Board are not responsible for damage or loss due to parking on our campus.

Agenda Use: All students are expected to have an agenda. Students must repurchase an agenda within three school days if their agenda is lost, stolen or damaged. Agendas are used for organizational purposes.

In addition to behavior requirements, students must also maintain passing grades and must not be on attendance probation.

Attendance- McKeel Traditional Learning Students

Although it is a McKeel expectation that students attend school daily, the health and safety of our students is of primary concern. For this reason, any student that is experiencing symptoms typically associated with a contagious illness should not attend school. TSMA will work with families of students who may contract COVID-19 and will develop a comprehensive care plan for returning to school.

Families will conduct a daily wellness check before sending students to school to include the following questions:

1. Have you been in close contact with a confirmed case of COVID-19 within the past 14 days?
2. Have you had a fever (100.4° or higher) or felt feverish in the last 72 hours?
3. Are you experiencing any new respiratory symptoms including a runny nose, sore throat, cough, or shortness of breath?
4. Are you experiencing any new muscle aches or chills?
5. Have you experienced any new change in your sense of taste or smell?

Due to a family’s choice for their child to earn their education through the traditional school option, these are the policies that students must meet:

Absences: An automated message will be sent to parents when a child is absent. If a student is absent for any reason, they are required to meet the same deadlines set by the teacher(s) as if the student was present in class. If a student is absent for any reason, they are required to meet the same deadlines set by the teacher(s) as if the student was present in class. There will not be an extension of deadlines for a student absence unless a doctor's note is submitted within one week of the absence to verify that the student was ill and unable to complete his/her work. See Make-up Work policy below.

A review committee, to include one or more administrators and the child's school counselor, will regularly review the records of students with excessive absences. The committee may determine that these absences necessitate a student having to successfully earn a satisfactory grade on a quarterly/semester exam to demonstrate mastery of the standards taught in the course in order to earn credit.

Make-up work: In the event of an absence that prevents a student from completing work, a doctor's note must be submitted via McKeel Systems within one week of the absence to allow for additional time to submit assignments or complete assessments. It is the student's responsibility to obtain missed work in accordance with their teachers' procedures (i.e. Canvas) and additional contact with teachers may be necessary to clarify information regarding work that was missed. Under these circumstances, the time allotted to a student to complete an assignment should be a minimum of one school day per each day of absence from the class. Students may be given more time only with prior teacher approval.

Absent 10+ days/Year: If the student is absent for 50% or more of any school day, the entire day will be counted as one day of absence. After a student is absent for ten or more days from any one class period, it will be determined that the student has reached an excessive amount of absences. Absences related to COVID-19 will be reviewed on a case by case basis.

Late Arrival to School Policy: Students who miss more than 50% of any class due to being late will be marked as absent for that class. Students do not need to be checked in by a parent when tardy, but all students must report to the office for check in upon first arriving at school after the late bell at 8:45 a.m. and receive a pass to class. In the event that a student is tardy due to a medical appointment, documentation from the doctor should be uploaded into McKeel Systems. If a student reaches six tardies without medical documentation, the tardies will be turned into an absence for the class period and the student will receive an infraction.

Late Arrival to Class Policy: A student with an unexcused tardy to class will receive an infraction, in accordance with the School-wide Expectations. Additionally, any student who has five (5) unexcused tardies to any of their classes will be issued a before school detention.

Check in & check out: There will be no check-outs after 2:00pm. Students who miss more than 50% of any class due to a check in or check out will have an absence for that class. Only adults listed online as being an emergency contact for the student may check the student out of

school. Parents, guardians, and emergency contacts must present a photo ID in order to check out a student. **All students who are checking out must come to the office and officially check out/sign out with office staff, before leaving campus.** If a student needs to check out for illness or other reasons and the parent/guardian is unable to come to the school, the student may be permitted to check-out once administration has received an email (MATCheckout@mckeelschools.com). The emailed request must include a copy of the parent/guardian driver's license, date, time requested for check-out, and the student's legal name. If the administration determines that the student should not drive, someone listed on the emergency card will be required to pick up the student and arrange alternative transport of the student's vehicle.

Truancy law: Florida law defines "truant" as a student who has 15 or more unexcused absences within 90 calendar days with or without the knowledge or consent of the student's parent or guardian. Truant students are reported to the Department of Juvenile Justice through an automated system for excessive unexcused absences. Florida Statutes require suspension of a student's driver's license when the student reaches 15 or more unexcused absences within a 90-day period.

Attendance-McKeel Virtual Learning Students (per semester)

It is recommended that all virtual students log into each course every Monday (or the first school day of the week) to plan their week of study. Students will be marked present for the week once they have logged into CANVAS at least once for each course.

Absences: Students will be considered absent for each day of the week if they have NOT logged into the course at least once during the week (M-F). If a student is absent for any reason, they are required to meet the same deadlines set by the teacher(s) as if the student was present in class. There will not be an extension of deadlines for a student absence unless a doctor's note is submitted within one week of the absence to verify that the student was ill and unable to complete his/her work. See Make-up Work policy below.

An attendance review committee, to include one or more administrators and the child's school counselor, will regularly review the records of students with excessive absences. The committee may determine that the student will have to successfully complete a quarterly/semester assessment that demonstrates content mastery in order to earn course credit.

Make-up work: In the event of an absence that prevents a student from completing work, a doctor's note must be submitted within one week of the absence via McKeel Systems to allow for additional time to submit assignments or complete assessments. It is the student's responsibility to obtain missed work in accordance with their teachers' procedures (i.e. Canvas) and additional contact with teachers may be necessary to clarify information regarding work that was missed. Under these circumstances, the time allotted to a student to complete an assignment should be a minimum of one school day per each day of absence from the class. Students may be given more time only with prior teacher approval.

Assignments

Weekly class agendas are posted on Canvas for each course. ALL assignments for the week are due on the assignment due date by 11:59pm. It is imperative that you do not wait until the last minute as teachers do not have an obligation to monitor Canvas or email accounts after normal school hours. NO LATE WORK will be accepted.
